Yeah, It's kind of messed how you knew I feel in love  
with you  
But you had the nerve to go and get another dude  
A broken promises I made to myself  
And without you by mysids I'm feeling lazy as hell  
Well you're surviving I don't know how to deal with that  
And I'm praying in time I get that feeling back  
Back when it was so euphoric  
But these days it feels like we force it  
And right now I can't explain how I feel inside  
Cause with you it's the only time I feel alive  
If it's not meant for us please let me be  
Cause you're the only thing on earth that could set me  
free  
Set me free  
You're the only think on earth that could set me free

This ain't even a love song  
Cause when it comes to us  
No one knows where the loves gone  
Loving you is like playing roulette  
Yeah you call my number but you under the next  
It felt like from the start we were born to run  
So in sync, two hearts to be joined as one  
Now I don't know where to go from here  
And these feelings of mine they are so sincere  
All the lessons you taught me you meant them  
So don't

Don't tell me you're sorry  
Don't tell me you're sorry  
Cause we already both been there  
No don't tell me you're sorry  
Don't tell me you're sorry yeah X3

These feelings I can't control  
And deep down you know I gave you my heart and soul  
I didn't think you'd just up and leave  
I never caught the vibe that you had enough of me, nah  
Where did we go wrong  
How did I not see you just lead me on

Love I thought you were offering this  
But it turns out you just lead me off an abyss  
Now I'm lost, lost without a care in the world  
And while I'm hear could you please take care of my  
girl  
Cause it feels like, like I'm stuck in my ways  
My success ain't far, so I'm chugging away  
Chugging away  
Yeah success ain't far so I'm chugging away

Is it time for me to capture a dream  
Cause I never thought this would ever happen to me,  
ever  
Making music is all I know  
And when the fat lady sings will this be all she wrote,  
maybe  
I think it's time to put my life in perspective  
And take control to make sure I'm the one that directs it

So it you fail me just don't

Don't tell me you're sorry  
Don't tell me you're sorry  
Cause we already both been there

No don't tell me you're sorry

Don't tell me you're sorry yeah  
Don't tell me you're sorry  
Don't tell me you're sorry yeah  
Don't tell me you're sorry

Don't tell me X4  
Don't tell me you're sorry  
Cause we already know what's next
