I can't get you out of my head,
Can't get your fucking face out of my head
Is this supposed to mean something?
Am I supposed to speak my mind?
Or shall I hold it in?

You probably don't feel the same way
You just wanted to follow my lead
Thinking I would take you somewhere far
Just thinking your some crazy guy
Just thinking I just can't cry
Don't cry today
Don't cry to me
I don't need to cry
It's just not the right way

So here I am
I'm falling to the ground
I need you oh
I'm on my knees
Why do I feel so displeased?
Regretting what I didn't do
Regretting that I didn't pull through
