Bright lights are going dim  
I wanna hide again  
The nights are caving in  
On my coloured bedspread

I wanna drift so far  
To slip out of the crowd  
It doesn't matter how  
On my coloured bedspread

We'll make the stars dissolve  
Like sugar melting in my mouth

Some people come and go  
But they won't ever know  
About the things we do  
On my coloured bedspread

I remember places I've been to  
Remember things I never knew  
Remember dreams that all came true  
On my coloured bedspread

We make the stars collide  
I touch the planets through your eyes

Ooh, can you feel it?  
Tell me, can you feel it?  
Now, can you feel it?  
Tell me, can you feel it?

Now, can you feel it?  
Tell me, can you feel it?  
Now, can you feel it?  
Tell me, can you feel it?

We'll make the stars dissolve  
Like sugar melting in my mouth

Beneath my coloured bedspread  
Beneath my coloured bedspread  
Beneath my coloured bedspread
