Sometimes I walk away  
When all I really wanna do  
Is love and hold you right  
There is just one thing I can say

Nobody loves you this way it's all right  
Can't you see the downtown lights?

In love we're all the same  
We're walking down an empty street  
And with nobody comin' on me

Empty street, empty night  
The downtown lights

How do I know you feel it?  
How do I know you feel it?  
How do I know you feel it?  
How do I know it's true?

It's alright

Tonight and every night  
Let's go walking down this empty street  
Let's walk in the cool evening night  
Wrong or right, be at my side  
The downtown lights

It will be alright, it will be alright  
The downtown lights

How do I know you feel it?  
How do I know you feel it?  
How do I know you feel it?  
How do I know it's true?

It's alright, it's alright  
The downtown lights

How do I know you feel it?  
How do I know you feel it?  
How do I know you feel it?

How do I know it's true?

The downtown lights

Neons, every cigarettes, the rented rose and rented cars

The crowded streets, the empty bars

Chimney tops, the trumpets, the golden lights, the loving prayers

Colored shoes, the empty trains, I'm tired of crying on the stairs

The downtown lights
