Stay by me
And make the moment last
Please take these lips
Even if I have been kissed
A million times

And I don't care if there is no tomorrow
When I could die here in your arms
Even if the stars have made us blind
We're blind we're blind
So blind in love

Sweet darling

Don't you know that we're no different to anyone
We stumble
We falter
But we're no different than anyone

And all the winter snow has melted now
Into a pool of silver water
And we were standing in a thunder cloud
Dark as your hair
Dark as your hair
