Look at the sky,
Tell me what do you see?
Just close your eyes and describe it to me.
The heavens are sparkling with star light tonight,
thats what i see through your eyes.

I see the heavens each time that your smile.
I hear your heart beat just go on for miles.
And suddenly i know my life is worth while.
Thats what i see through your eyes.

Here in the night, i see the sun.
Here in the dark our two hearts are one.
It's out of our hands we can't stop what we have begun.
And love just took me by suprise,
looking through your eyes.

I look at myself and instead i see us.
Wherever i am now it feels like enough.
And i see a girl who is learning to trust.
Thats who i see through your eyes.

Here in the night, i see the sun.
Here in the dark our two hearts are one.
It's out of our hands we can't stop what we have begun.
And love just took me by suprise,
looking through your eyes.

And there are somethings we don't know,
sometimes a heart just needs to grow
And there is so much i remember
Underneath the open sky with you forever

Here in the night, i see the sun.
Here in the dark our two hearts are one.
It's out of our hands we can't stop what we have begun.
And love just took me by suprise,
looking through your eyes.

Looking through your eyes.
