Raised to praise in a dead end faith
taught to worship in fear
lost and weak, brainwashed sheep
bow your head, fall to your knees
beg to your messiah
to guide you and forgive you
for your ignorance, intent
and fucked interpretations
of an ancient book of fiction
that you choose to base your life
based on a crucifixion,
your god and faith are lies
no guts to fucking think
or form opinions of your own
you're just another spinelss bitch
lost in a sea of clones

Fuck you Holy Man and your book of lies
the power of christ compells you to eat shit and die
Fuck you Holy Man and your book of lies
the power of christ compells you to eat shit and die

Fuck you Holy Man and your book of lies
eat shit and die, eat shit and die
Fuck you Holy Man and your book of lies
eat shit and die, eat shit and die

You question other people
but not the book you base your life
assuming everything is true
and never thinking twice
that mortal men decided
what they wanted you to read
they chose the facts that you should know
and those you shouldn't see
sixty six pieces
form the bible that you hold
with the teenage years of Jesus
removed and never told
authorless, in "faith" you trust
refusing facts to believe
that your incomplete book of god

was written in deceit

Fuck you Holy Man and your book of lies
eat shit and die, eat shit and die
Fuck you Holy Man and your book of lies
eat shit and die, eat shit and die

For the true king of chaos
you destroy all non believers
forcing your beliefs through anarchy
you justify Gods will to be by
punishing with homicide
through genocide, you're purified
killing for your God
grants you heaven when you die
you started burning witches
then moved to shooting doctors
making martyrs of the men
who chose to lead the slaughter
putting them in greater power
to lead your holy wars
as your divinity is spread
thousands more are led to death
you think that your religion
is the highest the highest form of being
so you kill for your beliefs
while your ignorance sets you free

Your murder, lies and sodomy
in the name of god
display you as the
motherfucking hypocrite you are
drenched in holy blissful,
judgemental arrogance,
you're exactly what you worship-
a fucking piece of shit

Fuck you Holy Man and your book of lies
eat shit and die, eat shit and die
Fuck you Holy Man and your book of lies
eat shit and die, eat shit and die
Fuck you Holy Man and your book of lies
eat shit and die, eat shit and die
Fuck you Holy Man and your book of lies
eat shit and die, eat shit and die
