Jimmy the water's cold out there
You've been out there for hours, Jimmy
Come on... it's time for dinner...

Look out for Hypothermia,
Your nuts are so small,
Because it's cold in the water today...

You can't feel your feet,
You can't feel your helmet,
You can't feel your legs,
And you're all sleepy and stuff!

Look out for Hypothermia!
You're just a kid,
You're too young to die today...

No fuck it! I want you to die you little shit!
It puts the lotion in the basket,
Take off your cloths cause you're cold,
And you're gonna die!

Look out for Hypothermia,
Look out for Daddies beatings,
Look out for Mom...
She wearing those shoes that you hate,

Your life is going before your eyes,
And you remember the way,
That ice-cream tasted,

LOOK OUT FOR HYPOTHERMIA!
Dead's your life, your dead...
Your dead...
Your dead...

It puts the lotion in the basket
Hehehe
