Condemned to misery
Where burning flesh I breathe
Agony and suffering are all I see
Damned to the truth
Of what I'm doomed to be
Raped by the flames of pain for all eternity
CHORUS:
Salvationless
Unable to save
Burned and buried face down
In an unmarked grave
Salvationless
Unable to save
Salvationless
Salvationless
Blessed by death
A slaughtered soul saved by hate
I am unholy terror
I am immortal pain
Infectious plague mutilating mankind
Eternally cremated
I'm unable to die
CHORUS 3X
"Open your eyes and look all around you
open your eyes and look at the truth
because the world is nothing but a
fucked up place full of shit, lies and hate.
So you want salvation motherfucker?
You want it now? GOD IS DEAD.
