[Verse 3: Tedashii] Go Hard for the Lord baby 'til He takes us home Go Hard for the Father baby go on get it on That's what that is baby/that what that mean/that what that mean That what That is baby/That what that mean/that what that mean Wha-What that mean? That mean that we, should be out up in the streets Not just in houses with our bible's summarizing what we read Man

this ain't deep (man this ain't deep)/why we ain't doing
what we read Its like we sleep (its like we sleep) But
sinners sleepwalk when they sleep So why can't we (so
why can't we)/the redeemed of the LORD Act out, what
He said/and make a scene for the LORD Action-cut, say
what, like we was the director But you better get a Grip
like movie sets, and get to stepping/(Martin) I know you
done it/da-done it, da-done-and heard it all You was
going hard for the Lord before you heard this song But
don't play yourself to save ya self/and walk in fear
Scripture's like a mirror/the truth is closer than it
appears
