"Voices"

We sailed over seven seas
Searching for that missing key
Unlock a new
World harmony

I climbed the highest mountain range
Then we took the longest train
Im looking for our
Perfect refrain

I hear voices in the sky
(In the sky)
In the sky
(In the sky)

Hidden rhythms in the rivers run
An blinding beats in the desert sun
Hear them today
Play all as one

The distant voices in a far off sky
Led us to the elusive prize
To the new sound
We testify

Na-Na-Na-Na-Na-Yey-E-Yeh
Na-Na-Na-Na-Na-Yeh
(Etc)

(Chant)

I hear voices in the sky
In the sky
In the sky
(In the sky)

Na na na na na yeh - eh - yeh!
