Hollow

Never found me a reason why,
All I saw was a hollow sky,
Did I shed my sights too high,
To find a path before me?

I dreamt of shooting stars,
I travelled out so far,
Tried to signal where you are,
But nothing could assure me!

Inside, outside, inside,
Still I'm looking for alibies,
Pesticides, closed my eyes,
Now I'm here!

When the flags have grown away,
And the footprints started to fade,
Will I find my way again,
Or lose the path before me?

I saw the leaves go brown,
I saw them falling down,
All my dreams lying on the ground,
But nothing to assure me!

Forking, hungry,
Blinking, I'm still waiting in,
Mesmerized, purified,
Closed my eyes, now I'm here!

And I would seem hollow now,
But I don't wanna let you down,
Guess the world just came around
And everything is bothered!

I'm so unsure,
'Til I find the door,
And you let me in!
