[Sista]

I wanna know, I need to know, I wanna know, I wanna know

If you're my man, I wanna know if you're the man for me

I wanna know, I need to know, I wanna know, I wanna know

If you're my man, cos, I

[Missy's Rap]

I've been itchin' can I getcha with this sweet poonanny

But, uh, don't go downtown, like 2Pac keep ya head up

I'm tryna get the hot to go down on ya

I wanna just sucks up ya toes and I'm fallin' like whoa

Deep in the mist yo, I'm high off the indo

You seem to have a heart but you're big down ya jock

Sweetalee, bumblebee, look at me

And see I got the heeby-jeebies baby

And you got it from me-he-he-he

I really wanna know if you wanna go

To the hotel, well nigga let me know

Cos I got my Sista clan, my Sista house

To see if I'm tired or if I wore ya out

So check it out, yeah, where it is

I really want

[Sista]

I wanna know, I need to know, I wanna know, I wanna know

If you're my man, I wanna know if you're the man for me

I wanna know, I need to know, I wanna know, I wanna know

If you're my man, cos, I, I wanna know
