I know what lies beneath  
I've seen the flash of teeth  
Conspiring with the reef  
To sink our ship

The wind's a cheating wife  
Her tongue a thirsty knife  
And she could take your life  
With one good kiss

Can you see the sky turn red  
As morning's light breaks over me  
Know tonight we'll make our bed  
At the bottom of the sea

I know the ocean speaks  
I've heard her call to me  
And smiling in my dreams  
She whispers this

Can you see the sky turn red  
As morning's light breaks over me  
Know tonight we'll make our bed  
At the bottom of the sea

Look and see the sky turn red  
Like blood it covers over me  
And soon the sea shall give up her dead  
Raise an empire from the bottom of the sea
