Look outside the window, baby
I can see it's gonna rain
Look outside the window, baby
I can see it's gonna rain
I know they're comin' to get me
An' take me back on that big blue train, hey-hey
I wish the rain would come down
And wash all my sins away
I wish the rain would come down
Wash all my sins away
There's not enough rain in the clouds
And the big blue train won't let me stay
Yeah-yeah, on the big blue train

It's rainin' so much harder now, baby
It's rainin' so much harder, I can't see
It's rainin' so much harder now, baby
It's rainin' so much harder, I can't see
I better walk down to the station
'Cause the big blue train is waitin' on me, yeah
