By far the worst is the hamburger lady  
We must meal her for the qualified technicians  
Qualified technicians  
The worst  
Alternating nights with her, unrelievedly  
She's lying there

Hamburger Lady  
Hamburger Lady

She's lying and  
She's burned from the waist up  
She's burned from the waist up  
On her arms  
Her ears burned  
Top of her nose  
Her eyelashes and everything are burned  
She can't hold anything  
And the medical advances  
There is no end in sight  
For hamburger lady  
When somebody tells you  
That there's a level of pain  
Can't reach the human mind  
Can't reach that level of pain  
Put the lady on the propping chair, unrelievedly  
Burned from the waist down  
That's what keeps her alive, through tubes  
One of the nice nurses

Hamburger Lady  
Hamburger Lady

He was okay when he changed the tubes  
The tubes in her legs  
Tubes in her arms  
And he managed okay  
Then he came out and he saw one of the burn nurses  
Burn nurses sat at the desk  
He was eating a can of Chile-Mac  
And it flashed on the carpet  
It flashed on the floor

The hamburger lady  
Stretched as she came through  
Ask her to stretch  
Burn in her hair, unrelievedly  
Couldn't keep their meal down  
The qualified technicians

Hamburger Lady  
Hamburger Lady

Two minutes in every three minutes of everyday  
24 hours she sleeps in pain  
There's no level to pain  
Propped on the propping chair  
Couldn't keep their last meal down  
The qualified technicians  
Not safe to touch what keeps her alive?  
Nobody came to visit hamburger lady  
It flashed on the floor  
Flashed
