My hole, I'll get my hole, I'll get my hole
Get my hole, get my hole and I'll find out more.
It's a choo-choo train, a rocket launch
If we have a hormone race
I'm bound to finish first.

Can you see in the dark?
Can you see the look on your face?
When flashing white light's been turned off,
You don't know know who's in your bed.

It takes more than fucking someone you don't know to
keep warm.
Do you really think that for a house-beat you'll find your
love in a hole?

You won't find love in a,
Won't find love in a hole.
It takes more than fucking someone to keep yourself
warm.

I'm drunk, I'm drunk
And you're probably on pills
If we've both got the same diseases
It's irrelevant girl
And the room fills with steam
Oh, evaporates, disappears
My point of entry is the same way
That I leave

Can you see in the dark?
Can you see the look on your face?
The flashing white light's been turned off
You don't know know who's in your bed.

It takes more than fucking someone you don't know to
keep warm.
Do you really think that for a house-beat you'll find your
love in a hole?

But, you won't find love in a,

won't find love in a hole.
It takes more than fucking someone to keep yourself
warm.

You won't find love in a, won't find love in a hole.
It takes more than fucking someone to keep yourself-

See in the dark!
Can you see the look in your face?
The flashing white light's been turned off
You don't know know who's in your bed.

It takes more than fucking someone you don't know
to keep warm
Do you really think that for a house-beat you'll find your
love in a hole?
