My good big deeds I'd say are more like plans than
concrete

By day we'll colonise, by night we'll bring peace

Keep all your hopes to compile a crooner's woes
Work out how to, how to complete these

You should peel those eyes cos it's important that they
see

My hopeful smile

And then you stop our fear
Something I like about this year
Square nine is here

So calm, stay calm, right there
Behind your ribs and grab my hand
Stages are just stages for us to pass

You should peel those ears cos it's important that they
hear

My hopeful words

And stop our fear
Is something I like about this year
Square Nine is here, is here

It'll be like square one, where we fell in love
Forget about square two, there was no 'me and you'
Just like square one, where we fell in love, under the
tree

Forget about square three, oh that wasn't me
Like square one, where we fell in love
Forget about square five, I was only half-alive
