Love infectious wind we breathe.
Fills up the bored hole that lust leaves.

He yawns.
She yawns as well.
She yawns because she's bored.
He yawns because he can't sleep anymore.

They go out, fill their mouths with drink and food so
they don't have to speak.
And in between courses they're gasping for air, so they
yawn and look at their feet.

She yawns.
He yawns as well.
She yawns because she's bored.
He yawns because he can't sleep anymore.

She yawns
And he yawns as well.
He yawns because he's tired
The girl that he slept with sleeps too soon at night.
When she yawns she tells the truth
That the boy she adores is just a man she's contracted
to.
And what of you and me
Admit that you're bored,
You need more electricity
I've had enough of love,
It just ends with two yawns in unison.
