What you don't know won't hurt you.
Isn't that what you've always told me?
It's time to look out for the fall out.
Then we'll fall out (just like you've always fallen out).

You fell out.

????Build them nice and tall just to watch them fall.
????Bury your hands in the dirt,
????And don't look back for a moment or two!
????What'd you do?

? ??? ??Crush it!
? ??? ??Stomp it all down in the ground!
? ??? ??Crush it!
? ??? ??Beat it til it makes no sound!

????Build them nice and tall just to watch them fall.
????Bury your hands in the dirt,
????And don't look back for a moment or two!
??? Uhh... I'm confused?

? ??? ??Crush it!
? ??? ??Stomp it all down in the ground!
? ??? ??Crush it!
? ??? ??Beat it til it makes no sound!
