We are lovers through and through
And we made it through the storm
I really want you to realize
I really want to turn you on
I've been searching for someone
To satisfy my every need
Won't you be my inspiration?
Be the real love that I need yeah

Real love
I'm searching for a real love
Someone to set my heart free
Real love
I'm searching for a real love

When I met you I just knew
That you'd take my heart and run
'Til you told me how you felt for me
Said I'm not the one
So I slowly came to see
All the things you were made of
Now I hope my dreams and inspirations lead me to find
some real love

Real love
I'm searching for a real love
Someone to set my heart free
Real love
I'm searching for a real love

A love so true
Oh baby
I thought your love was true
Thought you were the answer to the questions in my
mind
Now it seems that I was wrong
If I stay strong maybe I'll find my
Real love
I'm searching for my real love
Someone to set my heart free
Real love

I'm searching for my real love

So I try my best to pray to God to send me someone
real

To caress me and to guide me

To know that I can feel

Now I know I can be faithful

I can be your arm in arm

I'll give you good love in the summer time, winter,
spring and fall

Real love

I'm searching for my real love

Someone to set my heart free

Real love

I'm searching for my real love

Real love

I'm searching for my real love

Someone to set my heart free

Real love

I'm searching for my real love

Its real love

Its real love
