You say you wanna go there,  
Ride then-  
I did- and I loved it-  
Say you don't wanna be here,  
Leave then-  
Time comes , to get gone  
Say good morning to another set  
Of creature  
My dear, I'm gone-she said-

You wanna go for a ride?  
I got sixteen hours to burn  
And i'm gonna stay up all night-

Tell your mama fever come  
Back again  
Look what you started-  
And break it eazy to your boyfriend  
She said-  
You wanna go for a ride?  
I got thirteen hours to burn  
And i'm gonna stay up all night

She said-she said  
You wanna go for a ride?  
I got no more money to burn  
And i'm gonna stay up all night
