"Forget You"

Visit "[Forget You](#)" on MotoLyrics.com

I'll try to follow my own direction
Without looking behind
I won't run & I won't hide
Only walk on (walk on)

And all my thoughts will be of you
No matter what happens
You will always be there
At least in my heart

I only wish one day
You could be here
And don't forget
That I will never forget you

So I'll try to follow my own direction
Without looking behind
Even when I'm broken
I have to walk on without you

But I will never forget you
And don't forget
Don't Forget
That I will never forget you
It doesn't matter where you are
I will never forget you
