I'm here right now
To tell you the story of a girl
Who touched the sun.
And she jumped from the second story
to escape the boring ending
And whilst in the sky she stole lucy's diamonds
brought em' back down
and the beatles were crying

She had the world
in the palm of her hand
She had the world in the palm of her hand
Diamonds won't last forever
Make sure you all remember
And even the brightest flower
will die in the winter
Under the snow and sleet
we'll sleep till next season

She held the world
in the palm of her hand
She held the world
in the palm of her hand

Love isn't a detail that we hold in our hearts and let go
Love isn't rare but in this world
it's hard to be sure
She was the girl
but through your hands she slipped through
