He twists as we choke

With a grip so tight  
You could make it bleed  
He twists  
We twist humanity  
And to think we did it for this  
And to know we did it for this  
Yeah

Too plagued to be repaired  
And there's nothing left but despair  
What will save us now?  
I choke life's apathy

Too crushed to be repaired

Twist as we choke  
Twist as we choke  
Twist as we choke  
Twist as we choke  
Twist as we choke  
Twist as we choke  
Twist as we choke  
Twist as we choke

To think we did it for this  
To know we did it for this  
To think we did it for this  
To know we did it for this  
To know we did it for this  
To think we did it for this  
To know we did it for this  
Yeah

1,2,3,4

Go

Yeah, more, yeah

Too crushed to be repaired  
Too crushed to be repaired
