Yeah
Go

Faster and faster, heading for disaster
Forward to die
Death to life
Faster and faster, heading for disaster
Forward to die
Death to life

In the dead of night, tears fall like rain
Upside down inside a mind of pain
Save your drink, spill that glass
You're drunk as fuck, drive me dead

When I'm happy
When I'm sad
When I'm mad
Drive me dead

In the dead of night, tears fall like rain
Upside down inside a mind of pain
Save your drink, spill that glass
You're drunk as fuck, drive me dead
Drive me dead
Drive me dead
Drive me dead
Drive me dead
Drive me dead
Drive me dead
Drive me dead
Drive me dead
Drive
Me
Dead
Break that last glass
