No more
I dont see it at all
And i feel
But only as you feel
Im focused
But dont take it to mind
Im too weak
I need to idolize
This fixation is my frustration
Too weak to believe in me
I need a magazine to see
How pathetic i must be
Your idols fade away
Who can you run to now?
Whos got the answers now?
Your idols fade away
No more
I dont see it at all
And i feel
But only as you feel
Im focused
But dont take it to mind
Im too weak
I need to idolize
This is a fixation
Who can you run to now?
Whos got the answers now?
Please dont idolize
Cus these people are trained to fucking hypnotize
Please dont idolize
Cus these people are trained to fuck with your mind
