Yeah  
We stand against this  
This fucked up, this substance  
We stand against this  
This fucked up, this substance

Face down  
Dying slowly  
Face down  
Kicked in  
Dying slowly  
Face down  
Kicked in  
Yeah

With all I have inside  
I will stand against  
I will stand against  
This substance  
With all I have inside  
I will stand against  
I will stand against  
This substance

I will stand  
I will stand  
I will stand  
I will stand  
I'll stand against this  
I'll stand against this  
I'll stand against this  
I'll stand against this  
I'll stand against this  
I'll stand against this  
I will stand
