"Never Too Old"

Lost faith in the cause
Too old and no time
To give what gave you
What no one else could find
Lost faith in the cause
Too old and no time
To give what gave you
What no one else could find

We'll never be too old
You'll never be too young
Lost faith in the cause
'Cause I just give to you
Shall we start giving back?

Never turn your back on your roots
Never forget what it gave you
Never turn your back on your roots
Never forget what it gave you
Never turn your back on your roots
Never forget what it gave you
Never turn your back on your roots
Never forget what it gave you
Never

Breaking the chain
You're playing their game
Into the future
And onto your shame
Breaking the chain
You're playing their game
Into the future
And onto your shame
Onto your shame
Yeah

Never turn your back on your roots
Never forget what it gave you
Never turn your back on your roots
Never forget what it gave you

Never too old
Never too young
Never too old
Never too young
For moshing it up
And singing along
Never too old
Never too young
For moshing it up
And singing along
