The first will be the last  
But I will take the chance  
To see if what gives life  
Is what slipped through my hands?  
The first will be the last  
But I will take the chance  
To see if what gives life  
Is what slipped through my hands?  
Go

Waiting in lines  
To feed me lies  
Respect for myself  
No one runs this life

No one  
No one  
No one  
No one  
Rock

Waiting in lines  
To feed me lies  
Respect for myself  
No one runs this life  
Waiting in lines  
To feed me lies  
Respect for myself  
No one runs this life

If you're gonna do it  
Do it for yourself  
If you're gonna say it  
Speak it for yourself  
That way when it comes back to day one  
You're your fucking self  
Move  
Yeah
