Seperate... The true from trend,
and the snakes from friends.
We always learn the hard way.
Only fakes... Running there mouth about loyalty,
but now they got nothing to say to me.

Just a line... I love my friends and I love my life
Well, heres the truth punk:
Only lies... Your friends are names,
and your life's a game, I just call it how I see it.
Take your time... 'Cus I took mine.
And while I saw this through,
You'll get what's coming to you.
High and Dry... Is where you left me.
Now I'll spit the truth.
I said I'll spit the truth in your eyes.

It comes to this,
Purest of tests,
No escaping judgement.

I'm not gonna shut you down,
I'll let you do it yourself.
I wont put you in the ground,
You gotta learn what it means to fail.

Seperate... The true from trend,
and the snakes from friends.
You're gonna learn the hard way.
Only fakes... Running your mouth about loyalty,
but now they got nothing to say.
Juste a taste... Of what its really about.
Honor and owning up, don't be a coward.
Face to Face... Is where you judge me.
Now I'm calling you out.
I said im calling you out right now.

I'll just be there with my back turned while you burn in
hell.

I'm not gonna shut you down.
