Show your face and save, or let me hate you
Down on those knees never did a fucking thing
Help me
Save me
Show your fucking face
In the name of love you let me fall from your grace

Answer me this, is God a fascist?
'Cause you can't see him, then you will burn in
Rot (Rot)
And sin (Sin)
'Cause you can't see him
Rot (Rot)
And sin (Sin)
'Cause you can't see
Him

Answer me this, is God a fascist?
If you can't see him, then you will burn in hell
'Cause you can't see what he never showed
Then you will burn in hell
And rot and sin, 'cause you can't see him
Rot and sin, still you can't see him
Rot and sin, 'cause you can't see
Him
