Step it up, step it up

Sometimes I see me  
Beneath me, deceiving  
Deceive myself  
Keeps me from believing

Believe in yourself  
Believe in yourself

Sometimes I see me  
Beneath me, deceiving  
Deceive myself  
Keeps me from believing

Step it up, step it up  
Step it up, step it up

Believe in yourself  
Believe in yourself

Losing touch, I lost my way  
Loss for words, without a thing to say  
Losing touch, I lost my way  
Loss for words, without a thing to say

Losing touch, I lost my way  
Loss for words, without a thing to say  
Losing touch, I lost my way  
But I'll try again

Step it up, step it up  
Step it up  
Step it up, step it up  
Step it up, step it up
