This is a vendetta

Long road, we've treaded on since day one

Hard times, we swore we would overcome

Without this where the hell would we be... dead inside

Enemies, you cannot kill what will not die

This is war

This is pure hostility

This is vengeance

This is all that's driving me

This is a vendetta

Dead world, we're out of step with liars' times

Enemies, we swore we would fight the line

This is all that drives us to survive, the life we breathe

Power, strength of the world inside me

This is war

This is pure hostility

This is vengeance

This is all that's driving me

This is our vendetta against the world
