When I lost him ache  
Shudder shock of pale  
My, my true love  
Nicolo(whatever his last name was, sounds like  
eperdu?)these days are  
smoking days  
Though he won't see  
(Deceived me)You deceive me  
(With you)Erase it I will not  
(to stay)Touching a helix(didn't she know alex?)  
(I I will plead)Blotting an excuse you  
(alice, alice, alice, alice, alice)  
would share,  
(alice, alice, alice, alice, alice)  
who shall  
(alice, alice, alice, alice, alice)  
replace  
(alice, alice, alice, alice, alice)  
You

When I lost him ache  
Shudder shock of pale  
My, my true love  
Nicolo(?) This mess I smoke away  
And he won't see  
(pushing me)Oops she fell  
(with you)Racin her bike  
(so you)touching her lies  
(not me)
