Take my sister out of here
Screw this bar
Put my sister in your car
Who called me jailbait?
Who called me jailbait?
Who called me jailbait, here?
Put my sister in your care
Take her out of here
Don't call me jailbait
Don't call me jailbait
Don't call me jailbait, hear
You snake
You cottonmouth
You snake
Cottonmouth
I hope you remember me this way
I hope you remember me this way
The more he likes me
The more I drink
I think the more I drink
The more he likes me
I got the shakes
I got the shakes
I got the shakes
You snake
You cottonmouth
You snake
Cottonmouth
I still want to drive you to the wall
I still want to drive you to the wall
