"Cry Baby Cry"

I wanna cry
On a roof
I - the third time
You will lose
He moved me
And the chains changed
I take a nervous face
Month after month after more
Mouth after mouth after her
I said a nightmare
Complete with barking dogs and coke machines
Keep feeling like a baby chicken
Keep touching life's basement
"I'm obviously confused," I said,
"I'm more more worried for you than for me"
I yell
Cry baby cry
Cry fight it
I'm not ever getting out
I'm always getting sicker
You're the person that took me
I found last September in a notebook
It was too much for the book to hold
That's how come I wore raincoats
I said first a suicide without a note
And now a note without a suicide
First a look without a note
And now a note without a suicide
She said "maybe death is my answer,
But love is the answer of life"
He moved me and the chains changed
I take a nervous face
Month after month after more
Mouth after mouth after her
I said a nightmare
Complete with barking dogs and coke machines
Keep feeling like a baby chicken
Keep touching life's basement
Cry baby cry cry
I fight it
I'm not ever getting out
I'm always getting sicker, sicker

I found last September in a notebook
It was too much for the book to hold
I lean on some
She said "first a suicide without a note
And now a note without a suicide."
I said "maybe death is my answer,
But love is the answer of life."
