I break the ice  
I melt the snow  
I knew you twice  
Once long ago

Maybe it's the fever  
Or the radio  
I hear someone singing  
Way down low

Right now, right now

You bring me water  
You bring me dope  
I don't like you  
But you're my only hope

I'm not talking  
That's the radio  
Look at me  
I melt snow

Right now, right now

Four red horses  
Through my room  
Four red horses  
Through my room

Maybe it's the fever  
I'd kill to see you fly  
And for a glass of water  
Before I die

How many of you are there?  
I see like three  
Maybe you should take this  
Stuff away from me

Right now, right now

I break the ice

I melt the snow  
I knew you twice  
Once long ago

And right now, right now  
Right now, right now  
Right now, right now  
Right now, right now
