Sleep, the great dream killer
And leave them great
Ass-kisser on TV
To wake up all of me
An underwater makeup
The service, of what you dont see
Oh-ohh

Empathetic listening
In the dark room, and at the TV
You wont have to watch them grow
They dont hurry, they all wanna be
You in a ballroom
You dont spit on your dancing feet
Oh-oh-oh

Come outside, everyones outside
Come outside, everyones outside
Come outside, everythings alright
Look at these crazy stars

Oh you pushed me so hard
Im waiting to fall down
Do you holler Hollywood
Half full and thin

Lovers have blast and have baby
Our bodies have weight and have motion
Together we settle into the home
What a beautiful face
Cracking through the ice and
Following two rattlesnakes
And your basic appetite

Shuddering and the smoking roses
Shivering in the bright sun

Im following to wild places
To see what God has done
And settle into the blue

Come outside, everyones outside

Come outside, everyones outside
Come outside, everythings alright
Look at these crazy stars

Boy you pushed me so hard
Im waiting to fall down
Do you holler Hollywood
Half full and thin

Love is half blast and half vacant
Our bodies have weight and have motion
Together we settle into the home
