Strange time to be hazing me
Breaking me shaking me awake

Strange time to be hazing me
Breaking me shaking me
awake now
I'm up now
You're crazy
You're hazing me

You're hazing me

Strange time to be needing me
Cheating me freezing me out

Strange time to be needing me
Cheating me freezing me
out now
I'm up now, You're crazy
You don't faze me

That's my cue, That's my cue
I'll spend another day dancing with you(2x)
