Hysterical bending
Can't speak
Hysterical woman
Screams I think
A head holds the bending
A woman can't be helped
This river runs
Like water through hell
What am I doing on a mountain
Green water to flame
This trance says
I can't be contained
Tributaries fly
Hold this solid
Melt this solid
Rain rain
A girl's body is solid
How do I melt
How do I melt
Without dying
Hysterical woman
Can't speak
Hysterical woman
Screams I think
This river runs
Like water through hell
What am I doing on a mountain
I hate the rain
This trance says
I can't be contained
Fly babies fly
Hold this solid
Melt this solid
Rain rain
