What means hallucinate? what are we supposed to see?  
What are they supposed to want? get a job! you scare me  
I sing here I'm alone here I'm with you over here  
Marshmallow brain I need an umbrella  
If I'm gonna stand in the rain  
My hands are cupped and full of blood  
My eyes are spirals I am on my knees and praying  
That is how I pray cause that is how you pray  
Rat rat rat rat rat rat  
Tongue thickens I am with those who eat drugs  
Who peek over the wall and get shocked  
Shocking is therapy  
Electrify your head!  
Pianos in my hearing Vincent, my ear is falling off  
Who left me alone? What do you mean you're alone?  
Goddamn wolves  
No one has that dream  
Hallucinate I need an umbrella  
If I'm gonna go insane  
I think she wanna be crazy pick a brain!  
I think I'm running away  
Oh boy, God? I'm gonna scare that boy again?  
Not again  
Centerdale to Providence Middletown to Armageddon  
A road is in my dream Centerdale is in my dream  
Drums! carry me over the wall  
You! left me alone what do you mean you're alone?  
I peek over the wall and get sick  
Sickness is therapy electrify your head!  
Catalyst I need an umbrella  
If I'm gonna slit my wrist  
Pick your hands up  
Put them on your head  
Move it around and say  
This is too much it doesn't fit  
Your feet say nothing but move your hips  
Move your hips, move your hips  
Rat rat rat rat rat rat  
Mania
