Power to the people

Power to the people

Power to the people

Power to the people

Power to the people, right on

Say you want a revolution

We better get on right away

Well you get on your feet

And out on the street

Singing power to the people

Power to the people

Power to the people

Power to the people, right on

A million workers working for nothing

You better give 'em what they really own

We got to put you down

When we come into town

Singing power to the people

Power to the people

Power to the people

Power to the people, right on

I gotta ask you comrades and brothers
How do you treat you own woman back home
She got to be herself
So she can free herself
Singing power to the people
Power to the people
Power to the people
Power to the people, right on
Now, now, now, now
Oh well, power to the people
Power to the people
Power to the people
Power to the people, right on
Yeah, power to the people
Power to the people
Power to the people
Power to the people, right on
Power to the people
Power to the people
Power to the people
Power to the people, right on
