T?gn, gomul s?gn, forminnis m?l
Hevnd og hatur nevnd ?vundar b?l
? v?g?llum v?nin hon doyr
H?tt for heljar grind garmurin goyr

Vind?ld, Varg?ld er komin
Skegg?ld, sk?lm?ld br?tt farin er

Ber fram herkl?l merkt av mongun stri?
Brynju og blankan brand og fram ? v?llin r?
Komi hvat koma m?, lat so fara alt
Leingi eg henda dag ? huga havi fjalt

Revenge returns to us, this returns to me
We are bound to battle for eternity
The wolf restrained in chains, draping in the deep I see
This war will throw us corpses in a heap

With heavy hearts we head, on towards the end
I've done all I can, never will I bend
Battle clad we ride, over barren land
Nothing matters on the battlefield we stand

And I heard my unborn children's Requiem
I saw carved upon a stone my epitaph
Sometimes it seems to me there is nothing left
between
Me and eternity

Again

With heavy hearts we head on towards the end
I've done all I can, never will I bend
Battle clad we ride, for we have to try
Nothing matters on the battlefield we lie

All will rise again for a better day
Earth green with waterfalls where eagles hunt their
prey
Gather our kin against reminiscing times
All seemed at peace all thought that evil died but then

the

Dragon with fallen in it's
Feathers entered the world again
