You who think the hue of your hide means you are to
blame
And your father's misdeeds are his son's to carry in
shame
Not mine I'll take no part
You can shove the sins of the your father where no light
may pass
And kiss my Scandinavian ass

Pages of the past
How long will they last?
A lie lost in the legacy of fools left us this parody
unsurpassed
Pages of the past
How long will they last?
The shadow of the Swastika by fools' fears now for far
too long has been cast

You who think the hue of your hide means you get to
blame
The black for your own faults and so bring humanity
shame
Make sure you count me out of the ranks of your inbred
morons
With your sewer gas and kiss my Scandinavian ass
