Don't listen to what people say about us,
They're angry, they want to break us down,
They will never take you from me,
Our sacred days always bring you round

I'm not one who's willing to give up, nor am I one
willing to give in,
I am hung by a thread to you, and by one hanging to a
dream,

You made me feel this way I never felt before,
You brightened my days, that's why I'm back for
more,
You know I am true, would I lie to you?
Put your trust in me cuz I love you.

It takes you to push a man to be free,
You're all I need to know I'll make it through,
I wish I could create a brand new legacy,
Where you and I, we live eternally,

I can't run the charge on my own, wouldn't pierce
through these barriers of hate,
If you leave me here all alone, then you have sealed
my fate,
You made me feel this way I never felt before,
You brightened my days, that's why I'm back for
more,
You know I am true, would I lie to you?
Put your trust in me cuz I...

You felt my heart beating, when you had a hold on me,
I swore to you and you swore to me,
I've felt your heart bleeding, when bound to push me,
It's hurting you but it's killing me,

You made me feel this way I never felt before,
You brightened my days, that's why I'm back for
more,
You know I am true, would I lie to you?
Put your trust in me cuz...

For one month, I will die for,
For one more, I will cry for,
For one last, I will lie for,
For a solemn oath, on a broken tree,
