Gypsy in my blood
And I lie where the myth is sold
Cross my palm with silver
And I'll give you my heart of Gold
Steal away my crystal ball
And bring me in from the cold
And it's fair to say there's no comfort here
No hands to hold and treasure
Dear
You could very well be the very death of me
Crawling 'round your floor
On my hands and knees
All caution to the wind
Taken by the breeze
No grave concern for repercussion
No room for talk or brave discussion
Well I never
But the devil may care
I'm coming in
On a wing and a prayer

Snowbound daze
Leaves me high and dry
And I swear there's more to me
Than meets your hollow eyes
Throw me a line I'm sinking fast
I'm not yet willing to die
My secret's safe with you I trust
Show me faith and give me dust
Well I never
But the devil may care
I'm coming in
On a wing and a prayer

The Deveil always fools
With the best laid plans
And never can I meet
With all your choice demands
It goes against the grain
To place my life in your hands
Once and for all and never again

I'll take the flak if you'll take the blame
Well I never
But the devil may care
I'm coming in
On a wing and a prayer
Well I never
But the devil may care
I'm coming in
On a wing and a prayer
