I have been thinking about...
I know have been as well...
U know Ill love U 4 ever...
U know U feel da same way 2...
Please give just 1 kiss...
(its all Im asking 4)
Please give me my heart...
(Come on my Sweetestangel7a7)
If U dont give that kiss...
(i think i will die)
If I dont resive it...
(its all over)

Ever since The Day I Met U
(i felt this way)
Because The Day I Met U
(u took my life away)
And so The Day I Met U
(i should have know i would pay)
The Day I Met U
(i throw it all away)

U know this songz 4 U
U know I wount 4get U
I know u and me R through
I know i ate ur glue
Remember U turned me Blue
Remember I know Ur size shoe
Heather i love u
Wheather U love i
Good Bye
