Friday night and I crashed your party  
Saturday night and I crashed your car  
Sunday night when you threw me out  
Couldn't believe I even got that far  
Look out of your bedroom window  
And tell me what you see  
Who's that standing in the shadows  
Oh baby you belong to me, yeah  
Place your bets cause I got a good feeling  
Hey over there, are you lookin' my way  
Electrified like a shock to the system  
You walk right through my DNA  
If you could just walk for a mile in my shoes  
If you don't lose your mind you got no mind to lose  
Bang bang gonna shoot you down  
I got me a gun but I gotta get a better one  
Sweatin' hard, buzzing like a fly  
Like a, like a thief with a water-tight alibi  
High hopes are sinking like a stone  
I swallow my pride but I'm choking on a fishbone  
Oh my, I gotta try, so step right up

I'll give you what you want

It's what you need

You know I'm gonna give you what you want

And what you need, yeah

Head over heels and it's making me nervous

Get on my knees and it's making me worse

There's no way out so I pay lip-service

If this thing is bigger than the both of us

If you could just walk for a mile in my shoes

If you don't lose your mind you got no mind to lose

Bang bang gonna shoot you down

I got me a gun but I gotta get a better one

Sweatin' heart, buzzing like a fly

Like a, like a thief with a water-tight alibi

High hopes are sinking like a stone

I swallow my pride but I'm choking on a fishbone

Oh my, I gotta try, so step right up

I'll give you what you want

It's what you need

You know I'm gonna give you what you want

And what you need, yeah

Bang bang gonna shoot you down

I got me a gun but I gotta get a better one

Oh my, I gotta try, so step right up

I'll give you what you want

It's what you need

You know I'm gonna give you what you want

And what you need, yeah

You know I'm gonna give you what you want

You know I'm gonna give you what you want

You know I'm gonna give you what you want

And what you need, yeah
