I'm caught in a dream

Sometimes it ain't what it seems

I'm all in a daze

Can't find my way out of this maze

I'm looking for clues

And wanting a change in the rules

I'm locked in a cage

Acting out on the wrong stage

Don't want your sympathy

Don't need the third degree

Just got to break away and scream

I'm caught in a dream

I'm stood at the edge and I'm looking down

Caught in the danger zone

I feel like a king that has lost his crown

And now I stand here alone

Don't want your sympathy

Don't need the third degree

Just got to break away and scream

I'M CAUGHT IN A DREAM!!!

Fractured love, Fractured love

Iron fist in a velvet glove
Fractured Love, fractured love
Cracks in the mirror of this fractured love
I don't care if you pull down the sky
Angry passion is a friend of mine
Reach out for the sky above
It's just a fractured love

[Repeat Chorus]

I'm caught in a dream
Why don't you set me free!!

[Solo]

Don't want your sympathy
Don't want your third degree
Just got to break...

BREAK AWAY AND SCREAM!!!

I'm caught in a dream
Why don't you set me free

[Repeat Chorus]

Don't give me your fractured love
